

SYSTEMS MANAGEMENT NEWS

For IT Sys Admin & Data Center Managers

15,553 Opt-in Email Addresses

The Systems Management News subscriber list offers qualified direct-request subscribers who have opted to receive relevant third party product and information offers.

Systems Management News is the industry newspaper for systems administrators, IT operations and data center managers to keep abreast of what is happening in the fast-paced work of IT operations, data centers, storage, e-mail, database, and other systems administration departments. This twice-monthly publication covers such topics as significant executive changes, new product or business strategies, important new product releases, or events such as mergers/acquisitions and trends/technology.

Systems Management News has subscribers in the U.S., Canada and International and is updated once a month
